# Enrollment Application for METP 101, 102, 201 and METP 202

All teacher education candidates enrolled in METP 101, 102, 201 or METP 202 for the current semester will need to complete an Enrollment Application in the School of Education's Assessment System. This should be completed on the first class meeting for the METP course.
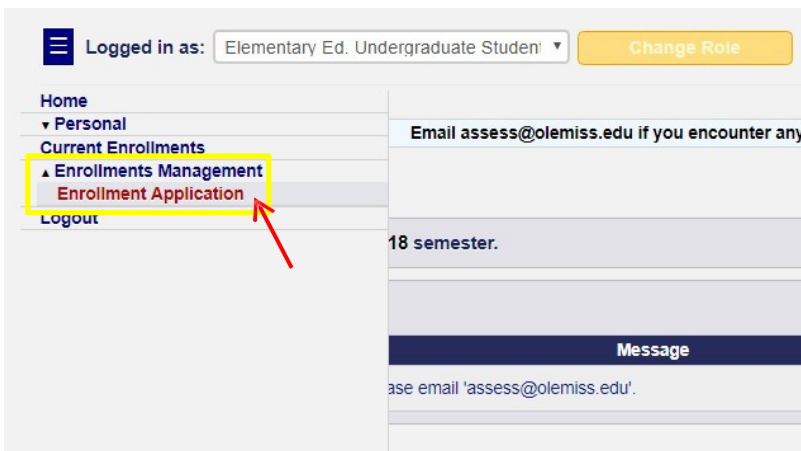

Follow the steps below to successfully complete the Enrollment Application:

Log into the SOE Assessment System.
https://olemiss.edu/depts/education/assessment/login.php

You can also access the Assessment System from the "Resources and Support" tab on the School of Education home page.

Click the Navigation Menu button (the blue square) after logging in.

Then, click "Enrollments Management."

Next, click "Enrollment Application" from the drop-down menu.

Then, the Enrollment Application will open.

Select the current term for enrollment from the "Enrollment Academic Term" drop-down menu.

Next, select the METP course you are enrolled in as the course for enrollment.

*ONLY select the METP course. Do not select other courses you are enrolled in this semester.

Please answer the following questions.

What high school did you attend?

Oxford High School

What district did your high school belong to?

Oxford School District

Please provide the districts/schools of ALL RELATIVES who will be attending and/or working in the school districts within 60 miles of your local address.

Lafayette County School District

If you have other RELEVANT special circumstances, please describe those circumstances here.

I do not have my own transportation.

Submit Enrollment Application

Continue the Enrollment Application by answering the four questions.

Then, click "Submit Enrollment Application" to complete the Enrollment Application.

Email assess@olemiss.edu with any questions

about the Assessment System or completing the Enrollment Application.
