

Meeting Notes from 10-10-14, Email Correspondence

We have two vendors scheduled for campus visits, and the product demonstration dates and times are below. Turnitin is the vendor used by Canvas for plagiarism detection. As the LMS review committee, you will have an opportunity to meet with the LMS vendor representatives separately. For Canvas, the meeting will be held at 1 PM on October 24. For Blackboard, the meeting will be held at 1 PM on October 29.

The demonstration times for all vendors are shown below. Penny and Jimmy will be advertising these dates in TECHNews, social media, UM Today and the event calendar. We will provide you with a link on Monday to the announcement, so you may distribute. As for seating, Bondurant 204C will hold 120, but there is standing room, should that be needed.
