

JAMES O. EASTLAND COLLECTION
FILE SERIES 3: CONSTITUENT FILES
SUBSERIES 2: ACADEMY APPOINTMENTS

Members of Congress are authorized to nominate candidates for appointment to the four United States military service academies (U.S. Military Academy at West Point; U.S. Naval Academy; U.S. Air Force Academy; and the U.S. Merchant Marine Academy). The twenty-one boxes in this subseries document requests for constituent appointments to these academies. Files are organized alphabetically by the name of the individual requesting appointment. Folder titles also indicate the specific academy involved as well as the year. Folders more generally related to an academy or a mix of academies are located at the end of the subseries.

Access Restrictions: Boxes 19, 20, and 21 are open to researchers. However, due to privacy and confidentiality concerns, the files of individuals will remain closed for seventy-five years after the last dated document for a specific file. Individuals may access their own files upon providing proof of identification, and the files of the deceased are also open to researchers.
