**File Series 4: Legislative Files**  
**Subseries 13: Post Offices and Post Roads Committee**

In 1944, Senator James O. Eastland received an appointment to the Post Offices and Post Roads Committee, and the Legislative Reorganization Act of 1946 eliminated the committee. Records of this committee in the Eastland Collection are scant, although researchers may locate documents and files related to the Post Office in the following subseries: Congressional Correspondence; Federal Correspondence; Patronage, Nominations, Employment, and School References (for postmaster appointments throughout Mississippi); Clippings; Press Releases; Issue Correspondence; State/Local Files; and Case Files.
