

## **Jamie L. Whitten Collection**

### **Series 21: Special Letters Scrapbooks**

This series consists of letters and other documents set aside in scrapbooks because Representative Jamie Whitten or his office staff determined them to be “special.” They are a mix of commendations, reports on Whitten, letters from prominent individuals and congressional colleagues, and postal cachets. As a result this series documents highlights of Whitten’s career between 1932 and 1994.

Archivists removed the contents from scrapbooks to improve preservation and access since the adhesive and plastic covers on the album pages prevented review of multi-page documents. Documents are described at the item-level.
