

## Jamie L. Whitten Collection

### Series 24: Trips

Whitten participated in many congressional delegation trips both abroad and domestic. Many of these excursions related to inspecting projects funded by the Appropriation Committee's Defense and Agriculture subcommittees. Files are arranged chronologically by year and destination, and contents may include research material, itineraries, and diplomatic passports. Oversized material resides in Box 3.

Researchers should note that images from trips are in the collection's Photographs and Recordings series.
