

## **Jamie L. Whitten Collection**

### **Series 30: Legislation**

The 127 boxes in this series contain material related to bills introduced into Congress. Items may include printed bills, memoranda, correspondence, speeches or remarks about the bills and research material. Files often contain a significant amount of constituent correspondence in which Mississippians and others voice opinions on specific pieces of legislation.

Subseries 1 contains the following general categories organized by year: Legislative Bills Introduced by Whitten; Legislative Checklist; Legislative Profile; Personal Action Index; and Whip Advisories.

Subseries 2 consists of files arranged alphabetically by subject and then chronologically by two-year segments. Undated material appears at the end of the subseries. Every odd-numbered year on January 3<sup>rd</sup>, a new Congress begins that lasts for two years. Thus, the printed “date” on some of the legislative material found in this subseries will only refer to the congressional calendar, such as “90<sup>th</sup> Congress, 1<sup>st</sup> Session.” Bills are designated by the chamber in which they were introduced and by a number. Hence, “H.37” is the thirty-seventh bill introduced in the House during that particular Congress. “S.” correspondence to bills introduced in the Senate.

Remember that legislation may require more than one congressional term to develop. For this reason, researchers should examine years preceding the passage of any particular bill into law.
