## MOST COMMON RULES AND REGULATIONS

The full list of rules and regulations may be found on the main Parking and Transportation website. It is the responsibility of the vehicle operator to familiarize themselves with the full list and maintain compliance when on the University campus.

- All vehicles brought onto campus must obtain a parking permit unless parking in metered parking. If in a metered parking space, a vehicle is required to comply with the fee schedule associated with the space regardless of permit visibility or type.
- Physical permits are required to be displayed on the vehicle according to directions on the back of the permit.
- From 7:30AM-5:00PM weekdays, permit holders are restricted to parking only in the parking areas designated for their parking permit type unless parked in metered parking. After 5:00PM on weekdays, you may park in any valid space on campus except those parking spaces reserved by special posted signage.
- Parking enforcement operates by way of license plate recognition (LPR) technology. All operators of any motor vehicle must provide valid, up-to-date license plate information. Use the License Plate Update Form on the DPT website to update tag information.
- License plates must be visible from the drive lane. If you are from a state that does not require a front license plate, vehicles must be pulled into a space nose first. UM vanity plates are available for free to serve as a front plate if one wishes to back into a parking space.
- Residential permits East, Central, West, Northwest, and South Zones; the Residential Garage and Campus Walk - may also park in any of the Commuter Red zones.

## **CITATIONS AND APPEALS**

The University of Mississippi may issue citations for violations of enacted policy for operation and parking of a vehicle on the University campus.

- Upon receiving three (3) unpaid citations, your vehicle may be immobilized with a wheel lock.
- Any faculty, staff, or student can appeal a citation within 7 business days of the citation being issued (includes date the citation was issued). Appeals must be initiated through the on-line portal on the DPT website.
- Student, faculty, and staff appeals will be handled by their respective appeal boards. The appeal boards function independently from the Department of Parking and Transportation, and all rulings are final. Visitors and external employees who wish to appeal a citation should contact the Department of Parking and Transportation.
- An administrative charge of \$5 will be added to each appeal if the appeal is denied by the appeals board.
- Student parking fees and fines are billed to their bursar account; faculty and staff are payroll deducted. All other motorists are to pay fees and fines at the DPT office.
