RESEARCH FOCUS

- Effects and mechanisms of acute exercise on memory

ACADEMIC APPOINTMENT

PI, Administrator – Jackson Heart Study Vanguard Center at Oxford
University of Mississippi, University, MS; 2018-present

Director of Research Engagement – Jackson Heart Study Vanguard Center at Oxford
University of Mississippi, University, MS; July 2015 – 2017

Associate Professor
Department of Health, Exercise Science and Recreation Management
School of Applied Sciences, University of Mississippi, University, MS; July 2017

Assistant Professor
Department of Health, Exercise Science and Recreation Management
School of Applied Sciences, University of Mississippi, University, MS; August 2014 – July 2017

Assistant Professor
Department of Exercise Science; Lansing School of Nursing and Health Sciences, Bellarmine University, Louisville, KY; August 2011 – August 2014

EDITORIAL APPOINTMENTS

Guest Editor, *OBM Integrative and Complementary Medicine* (2018-2019)

Special Issue: Research of Exercise and Cognitive Function

Guest Editor, *Journal of Clinical Medicine* (2018-2019)

Special Issue: The Effects of Exercise on Cognitive Function

Guest Editor, *Frontiers in Aging Neuroscience* (2019-2020)

Special Issue: Physical Activity: Epigenetic and Metabolic Regulation of Brain Aging

Guest Editor, *Frontiers in Psychology* (2019-2020)

Special Issue: Implications for Lifestyle Behaviors in Cognitive Function

Guest Editor, *Aims Neuroscience* (2020-2021)

Special Issue: The role of acute and chronic exercise on cognitive function

Senior Associate Editor, *Journal of Physical Activity and Health* (2019 to 2020)

Section Editor, *Journal of Clinical Medicine* (2019 to present)

Editorial Board, *Journal of Clinical Medicine* (2019 to present)

Editorial Board, *Journal of Science in Sport and Exercise* (2019 to present)

Advisory Board, *Journal of Sports Sciences* (2017 to present; Physical Activity and Health section)

Editorial Board, *American Journal of Health Promotion* (2013 to present)

Editorial Board, *Preventive Medicine Reports* (2014-2022)

MEMBERSHIPS

American College of Sports Medicine

Paul D. Loprinzi, Ph.D.
April, 2023

Psychonomic Society

FELLOWSHIPS

Fellow, Psychonomic Society

LABORATORIES

Director, Exercise & Memory Laboratory, University of Mississippi

ADMINISTRATIVE EXPERIENCE

Area Coordinator, Health Promotion Program Coordinator
Department of Health, Exercise Science and Recreation Management
School of Applied Sciences
The University of Mississippi, University, MS
July 2017 – Spring 2020

EDUCATION

Ph.D., April, 2023, University of Mississippi, Oxford, MS
Major: Experimental Psychology
Dissertation: *Effects of Pictorial and Imagery Encoding on False Memories*
[Major Professor: Rebekah E. Smith, PhD]

Ph.D., March, 2011, Oregon State University, Corvallis, OR
Major: Kinesiology
Dissertation: *Theoretical predictors of successfully transitioning from supervised to home-based (unsupervised) exercise among older women with breast cancer*
[Major Professor: Bradley J. Cardinal, PhD]

M.S., December, 2006, Portland State University, Portland, OR
Major: Health Studies (exercise/physical activity)
Thesis: *Physiological adaptations and analysis of training content among high school cross-country runners over a season of cross-country training*
[Major Professor: Gary R. Brodowicz, PhD]

B.S., June, 2005
Portland State University, Portland, OR
Double Major: Exercise & Physical Activity; Community Health
